This image shows a vertical rectangular area on the left side of the page, filled with dense, horizontal, repeating patterns that look like corrupted text or a blank document page. The patterns are dense and repetitive, consisting of many thin, horizontal lines that are slightly offset from each other, creating a textured, almost grayscale effect. The rest of the page is blank white space.

This image consists of a vertical rectangular area filled with a dense, repeating grid pattern. The pattern is formed by thin, horizontal and vertical black lines that create a fine, dark gray texture. This textured area is positioned on the left side of the page, while the right side is a plain white background.

This image shows a vertical rectangular area filled with a dense, repetitive pattern of thin, dark horizontal lines. The lines are closely spaced and appear to form a grid or a series of rows. The overall effect is that of a corrupted document or a blank page with a header, where the text has been lost or rendered as noise. The lines are uniform in thickness and color, creating a monochromatic, textured appearance. At the bottom of this area, there is a thin, solid blue horizontal bar that spans the width of the grid.
